Five CRNA Week Celebration Ideas for Your Team

1 Start a thank-you note

Ask colleagues to finish the sentence ‘One thing I learned from you this year was...’

2 Let the night crew pick dinner

Ask each shift and satellite site what to order and when to deliver it.

3 Host an Ask a CRNA table

Invite two volunteers to answer questions during one lunch hour.

4 Pair a resident and preceptor

Have each write what they learned or noticed. Ask before sharing their notes.

5 Thank weekend staff in person

Have a department leader bring cards and gifts at a time the shift lead chooses.
